

# HERE'S the POINT!

By SPENCE HELD

Well, another September has sneaked up on me, and instead of squirrels in the trees (last week's column.) I'm now watching footballs soar high above Point Loma's ivy-clad halls.

(Aw, cut it out, Held—this ain't the Ivy League.)

Coach Bennie Edens isn't especially optimistic about the '57 season but he's determined that this team will be the best-conditioned in recent PLHS history.

He invited 40 boys to work out this week and they're sweating off that extra poundage and getting their legs and gut muscles in shape for a rough campaign.

\*\*\*  
Nine lettermen from last year's team are available—Joe Varley, center; Joe Langlais, guard; Manuel Rebelo, tackle; Alfred Gomes and Roger Sneed, ends; Roger Soares, quarterback; Doug Minton, halfback; Bill Bradford, fullback, and Ted Faris, a wingback who played end last fall.

Quarterback Soares, a 160-pounder, came along fast in '56 and is expected to do a good job of running the team. (Jerry Booth, tall and talented first-string quarter, is a varsity candidate at State College.)

\*\*\*  
Edens also has Frank Almond and George Cheatham, guards; Chuck Klein, tackle, and Ray Hermans, end, from last year's squad.

Up from the sophomores are Jim Bone, guard; Jim Shepherdson, center; Sparky Bishop, tackle; Bob Bradley, end; Chuck Mitchell and Jim Bradford, halfbacks.

Transfers include Ronnie Clark, a guard, from Texas, and George McSwain, wingback, Glendale.

\*\*\*  
Murray Callan, from State College, and Charles Miller, up from J. V. coaching, are helping Edens with the varsity.

J. V. candidates will report Tuesday, Sept. 10, after school, for their first workout. "Punky" Freestrom is head coach, assisted by Hugh Simpson from State College.

## Topflight 2-Year-Olds To Scamper In \$65,000 Del Mar Futurity Sat.

DEL MAR—Richest race of the most successful season in Del Mar Turf Club history will have its tenth anniversary presentation at this seaside course Saturday when a topflight field of 2-year-olds go postward in the \$65,000 plus Del Mar Futurity.

The juvenile classic at six furlongs is the highlight of the summer season here, which comes to a close the following Monday, Sept. 9, in a nine-race program on the Admission Day holiday.

Old Pueblo, the sensational son of Windy City 2nd—Shadows Fall, will be the solid choice to capture the Futurity and the winner's share amounting to better than \$40,000. Owned by J. Rukin Jelks and Athole McBean, Old Pueblo will be ridden by Jockey Eddie Arcaro, America's No. 1 stakes rider, who will be ridden by Jockey Eddie Arcaro, America's No. 1 stakes rider, who will be making his first appearance at Del Mar.

Sold at Del Mar as a yearling for \$11,500 to Jelks, a Tucson rancher, Old Pueblo has developed into a stakes star at top quality. He won two important added money features at Hollywood Park and his earnings now are more than \$70,000. A Futurity win would push him over the coveted \$100,000 mark.

Seven or more rivals will take a shot at upsetting Old Pueblo, who has not tested the

## Peninsula Angler Scores Heavily In Yellow Derby

Reappearance of the schools of big albacore southwest of Point Loma stimulated Yellowtail Derby qualifying efforts early this week and sent minimum weight in the final derby period skyrocketing, but not out of the reach of at least one Point Loma angler.

Bert Hebrner 415 Rosecans, bagged the largest albacore of the sixth derby week when he hooked and landed a 35 pound 12 ounce from Bill Poole's Polaris. His big one gave him the top weekly award and put him in line for a similar prize in another fishing contest, the Southern California Derby.

The giant 44 pound 4 ounce albacore taken Aug. 22 from Wayne Miller's Milida by Richard Brown, Long Beach, still is leading the Yellowtail Derby field, but Hebrner stands 10th in the field of 150.

In spite of the increased activity on the albacore banks, yellowtail fishing at the Coronado Islands more than held its own, and more than 4000 of these highlyprized fighters were checked in by derby anglers during the week.

At the same time, the Point Loma kelp beds also caught fire and produced tremendous catches of white sea bass and barracuda.

## Work Permits For Minors Expire September 18; Must Be Renewed

Working minors and their employers were reminded this week by John D. Wimmer, coordinator of junior employment for the city schools, of the requirement that all employed youth under 18 years of age must have a valid work permit.

Wimmer also warned that all current work permits issued by the city schools automatically expire Sept. 18 and must be renewed. Exceptions are those permits issued to high school graduates or married minors under 18. These permits show the expiration date in the upper right-hand corner.

Wimmer said the burden of securing new permits falls on the minor, who should get a new application form at a school. The obligation of an employer is to stop the work of any minor for whom he does not have an active permit, or for whom an application for a permit has not been made.

Minors working full time are required to attend Snyder Continuation High School, 1372 12th Ave., for a minimum of four hours a week. John W. Voss, principal, said the school will be open for registration on Sept. 5 and 6 from 9 a.m. to 3 p.m.

Students who were in attendance at Snyder last June but who wish to return to a full-time school this fall must see Mrs. Mary Thompson, Snyder vice-principal, for clearance before enrolling in any other school.

All regular academic courses are offered at Snyder, and a standard high school diploma may be obtained.

As Ocean Beach Woman's Club enters its 32nd year as a civic and philanthropic club, less publicized but of importance to its members is the record of volunteer service, over 1,000 hours the past year, which was given to staffing booths for Red Cross, wrapping Christmas packages for service men, transporting polio patients to the hospital for treatment and many other community services. This work will continue and new projects added.

All interested women in the community are invited to join the club. The Literature Department will meet Monday, Sept. 8 at 1 p.m. in the clubhouse, according to Mrs. George B. Kenline, chairman. ### SOME FUN

Dottie Zirkle, athletic director at Kona Kai Club and a former diving champion, reluctantly turned down an invitation to do exhibition diving at the recent Lions Club "Miss Clairemont" contest and aquacade.

Walter Pidgeon, the actor, was to judge the beauty contest. Dottie had met him four years ago when she put on a show at a big hotel in Panama.

"I chatted with him then and I thought it would be fun to chat with him again," she said. Luck was with her for late that night she ran into Pidgeon who was staying at the club. She tapped him on the shoulder. He turned, stared, and exclaimed, "Panama!"

"So I got to have my little chat, anyway," Dottie said. "He invited me to have breakfast with him the following morning before he left for Hollywood, but I had a tennis date and couldn't."

Dottie paused, looked wistful, then added, "You know, it was kinda fun to turn down a date with Walter Pidgeon."

## United Fund Offers Opportunity For 'One Residential Campaign'

Ocean Beach, Point Loma and other communities throughout the county will be offered the opportunity to conduct one single residential campaign for health, welfare, recreation, guidance and counseling services through the newly formed United Fund of San Diego County.

Mrs. Kenton C. Lint, Chairman of the Geographic Division, said the recently organized United Fund means that campaigners here and throughout the county will be asked to knock on doors only once a year for one campaign.

The County United Fund, she said, has been formed to eliminate the multiplicity of campaigns and to save the community time, energy and money.

"It stands to reason," said Mrs. Lint, "that by conducting a single campaign where workers work once a year and give in one campaign a year, we will be saving a huge amount of community resources."

She said the new fund-raising methods mean campaigners normally devoting time to several campaigns can now direct their efforts to one drive—the United Fund.

Mrs. Lint urged all persons, both experienced campaigners and newcomers to the area, to volunteer their services. Campaigners are needed on all levels and in all areas of the county.

"We have repeatedly expressed our concern over the many campaigns plaguing us each year," she said. "Now that this consolidation of many campaigns

has become a reality we must back it 100 percent, both with moral and financial support."

Mrs. Lint was appointed chairman of the countywide Geographic Division by Rabbi Morton J. Cohn, campaign chairman of the United Fund.

Eddie O'Neill's Moulin Rouge orchestra of 25 pieces will perform in all the night shows at this year's California State Fair & Exposition, August 28 through September 8. Show time is 8:15 p.m.

You'll avoid wasting gasoline and money if you keep your foot off the accelerator pedal at a stop light, advises the Automobile Club of Southern California. Each time the gas pedal is depressed, a charge of fuel is squirted into the intake manifold. The engine races unnecessarily and it costs you money.

If the methods of gasoline manufacture had not improved so vastly since 1918, gasoline production in the United States during 195 would have fallen short of meeting the country's needs by more than 25 billion gallons, according to the National Automobile Club.

## WHO'S NEW ON POINT LOMA

After spending three winters in England where heating a house presents quite a problem, Cmdr. (USN) and Mrs. J. A. Rinker were "very happy to be sent back to this country." They have bought a home in the 3700 block of Wilcox St.

Mrs. Gloria Retzer, of Arcadia, Calif., has bought a home in the 800 block of Rosecrans St. and is busy redecorating it.

"We think this San Diego area is superlative and the climate divine," said Mrs. J. S. Levy, who with her husband, Lt. (jg) Levy, USN, is living in the 3000 block of Canon St. The couple comes here from Columbus, Ohio. Mrs. Levy will teach at Linda Vista this fall.

A brand new house in the 3500 block of Quimby St. has been purchased by Mr. and Mrs. F. R. Owston, who formerly lived at 3828 Riviera Dr. in Pacific Beach. They have a small son, Mark. Mr. Owston is with the Santa Fe Company.

Mr. and Mrs. J. B. Dunbar have bought the Robert M. Cummins home in the 3400 block of Fenelon St. The Cummins have moved to San Mateo. This is one of the original large homes on the way to Fleetridge. It has a view of harbor and city.

A brand new house in Fleetridge will be the summer home for Mr. and Mrs. Timothy Parkman and their daughter, Rosie.

The Parkmans winter in Arizona where Mr. Parkman is an attorney. Rosie attends the University of San Diego.

Enjoying the view of Mission Bay from their picture window is the family of M. R. Cameron, who bought in the 2700 block of Poinsettia Dr. Mr. Cameron is Principal of Kimball School in National City. His wife teaches in San Diego public schools. They have two children, Michael 19, at present in the Air Force, and Sue Ann, 13.

From Carlisle, Pa., come Col. (USMC) and Mrs. R. W. Boyd, who have taken a home in the 2600 block of Narcissus Dr. They have three children, Charles, 16; Julia, 14, and Dana, 1.

Use a band type clamp when replacing radiator hose on your car, advises the National Automobile Club. Wire type clamps tend to cut the hose and cause leaks.

It's a fact; spinach is one of the most popular vegetables served in city schools' cafeterias. San Diego pupils will eat 1700 cases of it during the 1957-58 school year.

To prevent heavy deposits of carbon from building up in the combustion chamber and lowering engine efficiency, the Automobile Club of Southern California advises motorists to have these deposits removed periodically by an air-blast cleaning treatment. The process is not costly and will prove particularly beneficial to cars used mainly in "stop-and-go" driving.

## Salvation Army Clothing Drive

Brigadier Edwin Taylor, head of the Salvation Army Men's Social Service Center in San Diego, announced that a county-wide clothing drive will be conducted by the Salvation Army.

This clothing will be cleaned and repaired, supplying jobs for homeless men, and will be resold at low prices in the Salvation Army Thrift Stores, Taylor said.

"The Salvation Army is the community's helping hand to help salvage men's lives," Taylor said, "and the community can help us by cleaning out their old clothing and thus provide jobs and finances to help further our work."

Taylor also said that "the Salvation Army is very appreciative of all the help received in the past and we are confident the people of San Diego will help now."

For a helpful, informative, 16-page booklet, "Facts You Should Know About Your Legal Problems," send a dime to cover postage and mailing costs to San Diego Better Business Bureau, Spreckles Building. A list of fact booklets on other subjects is available free on request.

ALL WITH REVOLVING AGITATOR AND DIRECT AIR FLOW  
HERE'S WHY THE REVOLVING AGITATOR LAUNDROMAT® IS BEST!  
Washes Cleaner! Laundromat has no center-post. Clothes go inside Revolving Agitator which lifts and plunges them 50 times a minute; washes all the clothes, constantly. THE SAND TEST PROVES IT!  
Rinses Better! Revolving Agitator lifts clothes while dirty wash water and soil drain away from them, never through them. Center-post agitator machines strain it all back through the clothes. THE SAND TEST PROVES IT!  
Cleans Itself! Because of its patented design the Laundromat is entirely self-cleaning. Cleans clothes and cleans itself automatically. All soil, sand, lint and scum go down the drain. THE SAND TEST PROVES IT!
